

Pragyaan IITIAN INTERACTION

Aim :

The aim of *IITian Interaction* is to inspire and guide school students by providing them with first-hand exposure to life at IIT Jammu. The activity seeks to motivate young minds by sharing real experiences of IIT students, creating awareness about pathways to enter IITs, highlighting future career prospects, and helping students develop clarity, confidence, and ambition regarding higher education in science and technology.

Deliverables (What We Are Delivering):

1. First-hand Exposure:

Provide school students with an authentic understanding of academic life, campus culture, and personal growth at IIT Jammu through interaction with IIT students.

2. Career Awareness:

Deliver insights into diverse career prospects after IIT, including engineering, research, entrepreneurship, higher studies, and interdisciplinary fields.

3. Guidance for IIT Aspirants:

Explain different routes to enter IITs, emphasizing strong fundamentals, disciplined preparation, problem-solving skills, and a growth mindset.

4. Interactive Learning:

Create an open platform for two-way interaction where school students can freely ask questions, clear doubts, and engage in meaningful discussions.

Execution Plan:

1. Student Arrival & Orientation:

School students visit the IIT Jammu campus as part of the Pragyan event. An introductory briefing is conducted to familiarize them with the institute and the purpose of the interaction .

- 2. School students are divided into small groups of 10–15 participants. Each group is assigned a team of 2–3 volunteers who approach the group and engage in direct, two-way interaction. The IIT students introduce themselves and initiate informal discussions to understand the interests, aspirations, and concerns of the school students.**

3. Interactive Q&A Session:

An open interaction session is held at last where school students ask questions, share aspirations, and receive guidance directly from IIT students.

4. Conclusion & Motivation:

The session concludes with motivational takeaways encouraging students to pursue excellence, curiosity, and disciplined learning
